

The SCEJ Award for Outstanding Asian Researcher and Engineer

Introduction

The Outstanding Asian Researcher and Engineer Award recognizes Asian nationals based outside of Japan who possesses the exceptional vision, achievement and knowledge to inspire others to succeed and to contribute to significant chemical engineering research and technological developments in the field of chemical engineering. The Society of Chemical Engineers, Japan (SCEJ) Awards Committee is actively soliciting nominations from all SCEJ members and Chemical Engineering related organizations and societies in Asian countries. Please call or e-mail the SCEJ Awards Committee for further information.

Tel: +81-3-3943-3527, E-mail: asianawards@scej.org.

Eligibility Criteria*

As of 15th February 2018, candidates must:

- Be age 45 years or younger;
- Have their activities based in Asian countries;
- Have made a substantial contribution to research and technological developments in chemical engineering; and
- Be nominated either by a member of SCEJ, the president or a representative of a chemical engineering related academic society in an Asian country.

*Board members of the SCEJ and members of the Awards Committee are not eligible to receive the award.

Submission Procedures

The nomination period for the Award opens in early January of 2018 and closes on 15th February, 2018. Please use the following procedures:
