

19th Asian Pacific Confederation of Chemical Engineering (APCChE) Congress

Working Towards A Sustainable Society

1st Announcement

www.apcche2021.org

16 – 19 August 2021
Kuala Lumpur, Malaysia

Introduction

APCChE 2021 will be a unique platform for R&D experts, professional chemical engineers, academicians, and students especially from this Asia Pacific region and from all over the world to exchange their ideas and expertise in these research areas and foster collaborations for the benefit of the chemical engineering profession.

Organiser:

Supported by:

Congress Topics

To address the congress theme, the following topics are welcomed (but not limited to):

- Oil & gas and petrochemicals
- Sustainable palm oil
- Bioproducts, food and bioprocessing
- Nanotechnology and advanced materials
- Process safety and loss prevention
- Green product and processes
- Process system engineering
- Reaction engineering and catalyst
- Waste treatment and management
- Chemical engineering fundamentals
- Chemical engineering education

Organising committee

Chairman

Ir. Prof Dr Dominic C. Y. Foo

Co-Chair

Prof Dr Hon Loong Lam

Executive committee members

Ir. Thayananthan Balakrishnan

Ir. Razmahwata Mohamad Razalli

AP Dr Noor Yusmiza Yusoff

Ir. AP Dr Chien Hwa Chong

Ir. Prof Dr Tiam Ting Tee

Ir. AP Dr Tin Sin Lee

Ir. Prof Dr Thomas Choong

Important dates

Call for papers	Aug 2019
Abstract Submission	Sept 2020
Acceptance notification	Jan 2021
Full paper submission	Apr 2021
Registration	May 2021
Conference	Aug 2021

Secretariat

The Institution of Engineers, Malaysia

Tel: +60(3) 7968 4001/4002

Fax: +60(3) 7957 7678

Host City – Kuala Lumpur

As the nation's capital, Kuala Lumpur is a major cultural, financial, economic and education centre for the South East Asia Region. The city is a kaleidoscope of fascinating sights and sounds, with all the buzz of a modern city, yet rich in culture and heritage. There are some stunning contrasts in this city, on one end of the spectrum there's the modern PETRONAS Twin Towers and on the other there's numerous pre-war heritage buildings, which reflect Kuala Lumpur's rich past, juxtaposed nicely with the modern architecture. A total of 1.6 million people from all walks of life call Kuala Lumpur home while the surrounding area is home to an estimated 7 million people with a diverse ethnic mix of Malay, Chinese, Indian and indigenous cultures. English is widely spoken and the city boasts a comprehensive transportation network that makes getting around hassle-free.
