December, 2023

Dear President:

The Society of Chemical Engineers, Japan (SCEJ) has begun actively seeking candidates for the annual SCEJ Award for Outstanding Asian Researcher and Engineer to be presented in 2024.

Please help us in recognizing outstanding researchers and engineers in academia and industry who are at the age of 45 or younger as of 15th February 2024 and have contributed to research and technological developments in the field of Chemical Engineering.

We would greatly appreciate receiving one nomination from either you or one of the representatives of your organization by 15th February, 2024. Nomination procedures can be found on the attached files, but can also be accessed through the SCEJ website (<https://www.scej.org/en/awards/scej-award-for-oare.html>).

Sincerely yours,

Masahiko Matsukata
President
The Society of Chemical Engineers, Japan

5 Enclosures:

1. SCEJ President's letter (this letter)
2. Introduction of the SCEJ Award for Outstanding Asian Researcher and Engineer
3. Nomination Form (Annex-1)
4. Nominee's Curriculum Vitae (Annex-2)
